

WITH CONFERENCE GRANTS - 2018

Women in Technological History (WITH)
a Society for the History of Technology (SHOT) Special Interest Group (SIG)

The Society for the History of Technology (SHOT) Special Interest Group (SIG) for Women in Technological History (WITH) announces its conference grant for 2018. Designed to defray some costs associated with attending the SHOT Annual Meeting (such as lodging, meals, and other incidental expenses), the grant is open to individuals giving a paper at the 2018 conference in St. Louis. The reviewing committee prioritizes women scholars and feminist scholarship that addresses the presence, actions, activism, and analysis of women and gender in the History of Technology. Graduate students and scholars who are new to SHOT are particularly encouraged to apply.

Awardees typically receive a check for \$250 with the possibility of additional funds depending on stated need and WITH's resources. Winners will be recognized in St. Louis at the WITH luncheon meeting, where they will receive a check for the amount of the grant. The grant includes the cost of the luncheon. Applicants should register and pay for the SHOT Conference and the WITH luncheon individually, prior to the conference registration deadline.

To apply, please send 1) a cover letter that incorporates a brief budget of anticipated expenses associated with your trip to St. Louis, a list of any other grants or funding that may offset these expenses, and a brief abstract of your proposed paper, 2) evidence that your paper has been accepted by the SHOT program committee, and 3) a one page curriculum vitae. All application materials should be forwarded to pamedwards251@gmail.com. The application deadline for the WITH Conference Grant is August 15th, 2018.

Scholars with higher travel expenses may be able to piece together funds from the WITH Conference Grant with a SHOT Travel Grant or conference grants offered by other Society SIGS and should feel free to apply for multiple applicable grants once their proposal is accepted for the 2018 meeting. For more information on SHOT Travel Grants, please see: <https://www.historyoftechnology.org/about-us/travel-grants/>.
